## Foreword from the Dean

Over ten years have passed since the first edition of the Atlas of Medical Parasitology was published. Although written in Thai, it became very well-received among both Thai and foreign students. The decision by Professor Prayong Radomyos and his collaborators to develop the Atlas in English reflects this ever increasing enquiries and number of foreign graduates. The Atlas of Medical Parasitology is intended to provide scientific knowledge and experience of many contributed authors, which illustrates important parasites in Thai patients, and covers concise principles and diagnostic techniques for ease of use in clinical practices. This edition has been intensively reviewed and revised with information on updated medication dosages of several parasitic infections.

This Atlas is dedicated to physicians and all health professionals especially those in rural endemic area, in hope that it will guide to proper diagnosis and management that will benefit the society. The authors also wish the book to be a reference source for future research.

Yaowalark Sukthana

Professor of Medical Protozoology

Dean of the Faculty of Tropical Medicine, Mahidol University

April, 2016

## Acknowledgements

The authors wish to express thanks to Prof. Yaowalark Sukthana for her suggestions and encouragement. We also acknowledge the partial financial support from the Faculty of Tropical Medicine, Mahidol University.

# Authors

Prayong Radomyos B.Sc. (Med. Tech.), M.Sc., LL.B., Honorary Doctorate (Med. Tech.)

Professor of Parasitology

Consultant to Faculty of Tropical Medicine,

Mahidol University

Anchalee Tungtrongchitr B.Sc. (Med. Tech.), M.S.P.H. (Med Parasitology), Ph.D.,

M.D., Dip. Thai Board of Pathology

Associate Professor

Department of Parasitology, Faculty of Medicine Siriraj Hospital,

Mahidol University

Supaluk Popruk B.Sc. (Med. Tech.), Ph.D. (Trop. Med.)

Assistant Professor

Department of Protozoology, Faculty of Tropical Medicine,

Mahidol University

Dorn Wathanakulpanich B.Sc. (Med. Tech.), M.D., M.Sc. (Trop. Med.), Ph.D., Dip. Thai

Board of Preventive Medicine (Community Mental Health)

Assistant Professor

Department of Helminthology, Faculty of Tropical Medicine,

Mahidol University

Chukiat Sirivichayakul M.D., Dip. Thai Board of Pediatrics, D.T.M. & H. (Bangkok)

Associate Professor

Department of Tropical Pediatrics, Faculty of Tropical Medicine,

Mahidol University

Aongart Mahittikorn B.Sc. (Public Health), Ph.D. (Trop. Med.)

Assistant Professor

Department of Protozoology, Faculty of Tropical Medicine,

Mahidol University

Srivicha Krudsood B.Sc. (Bio.), M.D., D.T.M. & H., M.Sc. (C.T.M.) (Bangkok), Ph.D.

(Trop. Med.)

Dip. Thai Board of Internal Medicine, Dip. Thai Board of Preventive Medicine

(Travel Medicine)

Professor

Department of Tropical Hygiene, Faculty of Tropical Medicine,

Mahidol University
