## CHAPTER 16

### Introduction to Managerial Accounting 25

#### Why Is Managerial Accounting Important? 26

- Financial Versus Managerial Accounting 27
- Management Accountability 28
- Today's Business Environment 29
- Ethical Standards 30

#### How Do Service, Merchandising, and Manufacturing Companies Differ? 31

- Service Companies 31
- Merchandising Companies 32
- Manufacturing Companies 33

#### How Are Costs Classified? 34

- Direct and Indirect Costs 34
- Product Costs 35
- Prime and Conversion Costs 35

#### How Do Manufacturing Companies Determine the Cost of Manufactured Products? 37

- Calculating Cost of Goods Sold 37
- Calculating Cost of Goods Manufactured 37
- Flow of Costs Through the Inventory Accounts 40
- Calculating Unit Product Cost 41

#### How Is Managerial Accounting Used in Service and Merchandising Companies? 42

- Calculating Cost per Service 43
- Calculating Cost per Item 43

#### ■ Review 44

#### ■ Assess Your Progress 48

#### ■ Critical Thinking 67

## CHAPTER 17

### Job Order Costing 69

#### How Do Manufacturing Companies Use Job Order and Process Costing Systems? 70

- Job Order Costing 71
- Process Costing 71

#### How Do Materials and Labor Costs Flow Through the Job Order Costing System? 71

- Materials 72
- Labor 76

#### How Do Overhead Costs Flow Through the Job Order Costing System? 78

- Before the Period—Calculating the Predetermined Overhead Allocation Rate 79
- During the Period—Allocating Overhead 80
- At the End of the Period—Adjusting for Overallocated and Underallocated Overhead 82

#### What Happens When Products Are Completed and Sold? 83

- Transferring Costs to Finished Goods Inventory 83
- Transferring Costs to Cost of Goods Sold 83

#### How Is the Manufacturing Overhead Account Adjusted? 85

- Summary 86

#### How Do Service Companies Use a Job Order Costing System? 90

#### ■ Review 92

#### ■ Assess Your Progress 98

#### ■ Critical Thinking 119

## CHAPTER 18

### Process Costing 121

**How Do Costs Flow Through a Process Costing System?** 122

Job Order Costing Versus Process Costing 122

Flow of Costs Through a Process Costing System 123

**What Are Equivalent Units of Production, and How are They Calculated?** 126

Equivalent Units of Production 126

Conversion Costs 126

**How Is a Production Cost Report Prepared?** 127

Production Cost Report—First Process—Assembly Department 128

Production Cost Report—Second Process—Cutting Department 134

**What Journal Entries Are Required in a Process Costing System?** 142

Transaction 1—Raw Materials Purchased 142

Transaction 2—Raw Materials Used in Production 143

Transaction 3—Labor Costs Incurred 143

Transaction 4—Additional Manufacturing Costs Incurred 143

Transaction 5—Allocation of Manufacturing Overhead 144

Transaction 6—Transfer from the Assembly Department to the Cutting Department

Transaction 7—Transfer from Cutting Department to Finished Goods Inventory 144

Transaction 8—Puzzles Sold 144

Transaction 9—Adjust Manufacturing Overhead 145

**How Can the Production Cost Report Be Used to Make Decisions?** 146

**APPENDIX 18A: Process Costing: First-In, First-Out Method** 147

**How Is a Production Cost Report Prepared Using the FIFO Method?** 148

Comparison of Weighted-Average and FIFO Methods 157

■ Review 158

■ Assess Your Progress 165

■ Critical Thinking 185

## CHAPTER 19

**Cost Management Systems: Activity-Based, Just-In-Time, and QRM Management Systems** 187

**How Do Companies Assign and Allocate Costs?** 188

## CHAPTER 18

### Process Costing 121

#### How Do Costs Flow Through a Process Costing System? 122

- Job Order Costing Versus Process Costing 122
- Flow of Costs Through a Process Costing System 123

#### What Are Equivalent Units of Production, and How are They Calculated? 125

- Equivalent Units of Production 126
- Conversion Costs 126

#### How Is a Production Cost Report Prepared? 127

- Production Cost Report—First Process—Assembly Department 128
- Production Cost Report—Second Process—Cutting Department 134

#### What Journal Entries Are Required in a Process Costing System? 142

- Transaction 1—Raw Materials Purchased 142
- Transaction 2—Raw Materials Used in Production 143
- Transaction 3—Labor Costs Incurred 143
- Transaction 4—Additional Manufacturing Costs Incurred 143
- Transaction 5—Allocation of Manufacturing Overhead 144
- Transaction 6—Transfer from the Assembly Department to the Cutting Department 144
- Transaction 7—Transfer from Cutting Department to Finished Goods Inventory 144
- Transaction 8—Puzzles Sold 145
- Transaction 9—Adjust Manufacturing Overhead 145

#### How Can the Production Cost Report Be Used to Make Decisions? 146

### APPENDIX 18A: Process Costing: First-In, First-Out Method 147

#### How Is a Production Cost Report Prepared Using the FIFO Method? 148

- Comparison of Weighted-Average and FIFO Methods 157
- Review 158
- Assess Your Progress 165
- Critical Thinking 185

## CHAPTER 19

### Cost Management Systems: Activity-Based, Just-In-Time, and Quality Management Systems 187

#### How Do Companies Assign And Allocate Costs? 188

- Single Plantwide Rate 189
- Multiple Department Rates 191

#### How Is an Activity-Based Costing System Developed? 194

- Step 1: Identify Activities and Estimate Their Total Costs 195
- Step 2: Identify the Allocation Base for Each Activity and Estimate the Total Quantity of Each Allocation Base 196
- Step 3: Compute the Predetermined Overhead Allocation Rate for Each Activity 197
- Step 4: Allocate Indirect Costs to the Cost Object 198
- Traditional Costing Systems Compared with ABC Systems 199

#### How Can Companies Use Activity-Based Management to Make Decisions? 200

- Pricing and Product Mix Decisions 200
- Cost Management Decisions 201

#### Can Activity-Based Management Be Used in Service Companies? 203

#### How Do Just-In-Time Management Systems Work? 204

- Just-in-Time Costing 206
- Recording Transactions in JIT 207

#### How Do Companies Manage Quality Using a Quality Management System? 210

- Quality Management Systems 210
- The Four Types of Quality Costs 211
- Quality Improvement Programs 211

- Review 213
- Assess Your Progress 219
- Critical Thinking 240

## CHAPTER 20

### Cost-Volume-Profit Analysis 243

#### How Do Costs Behave When There Is a Change in Volume? 244

- Variable Costs 244
- Fixed Costs 245
- Mixed Costs 247

#### What Is Contribution Margin, and How Is It Used to Compute Operating Income? 251

- Contribution Margin 251
- Unit Contribution Margin 252
- Contribution Margin Ratio 252
- Contribution Margin Income Statement 252

#### How Is Cost-Volume-Profit (CVP) Analysis Used? 253

- Assumptions 253
- Target Profit—Three Approaches 254
- Breakeven Point—A Variation of Target Profit 256
- CVP Graph—A Graphic Portrayal 257

#### How Is CVP Analysis Used for Sensitivity Analysis? 259

- Changes in the Sales Price 259
- Changes in Variable Costs 259
- Changes in Fixed Costs 260

#### What Are Some Other Ways CVP Analysis Can Be Used? 261

- Margin of Safety 261
- Operating Leverage 262
- Sales Mix 264

### ■ Review 267

- Assess Your Progress 274
- Comprehensive Problem for Chapters 16–20 289
- Critical Thinking 291

## CHAPTER 21

### Variable Costing 293

#### How Does Variable Costing Differ from Absorption Costing? 294

- Absorption Costing 294
- Variable Costing 294
- Comparison of Unit Product Costs 295

#### How Does Operating Income Differ Between Variable Costing and Absorption Costing? 296

- Production Equals Sales 297
- Production Exceeds Sales 298
- Production Is Less Than Sales 300
- Summary 303

#### How Can Variable Costing Be Used for Decision Making in a Manufacturing Company? 304

- Setting Sales Prices 304
- Controlling Costs 304
- Planning Production 305
- Analyzing Profitability 305
- Analyzing Contribution Margin 307
- Summary 309

#### How Can Variable Costing Be Used for Decision Making in a Service Company? 310

- Operating Income 310

- Profitability Analysis 311
- Contribution Margin Analysis 312
- Review 314
- Assess Your Progress 318
- Critical Thinking 332

## CHAPTER 22

### Master Budgets 334

- Why Do Managers Use Budgets?** 335
  - Budgeting Objectives 335
  - Budgeting Benefits 335
  - Budgeting Procedures 338
  - Budgeting and Human Behavior 338
- Are There Different Types of Budgets?** 339
  - Strategic and Operational Budgets 339
  - Static and Flexible Budgets 339
  - Master Budgets 340
- How Are Operating Budgets Prepared for a Manufacturing Company?** 341
  - Sales Budget 342
  - Production Budget 343
  - Direct Materials Budget 344
  - Direct Labor Budget 345
  - Manufacturing Overhead Budget 346
  - Cost of Goods Sold Budget 347
  - Selling and Administrative Expense Budget 348
- How Are Financial Budgets Prepared for a Manufacturing Company?** 349
  - Capital Expenditures Budget 349
  - Cash Budget 349
  - Budgeted Income Statement 357
  - Budgeted Balance Sheet 358
  - Budgeted Statement of Cash Flows 359
- How Can Information Technology Be Used in the Budgeting Process?** 361
  - Sensitivity Analysis 361
  - Budgeting Software 361

### APPENDIX 22A: Budgeting for Merchandising Companies 362

- How Are Operating Budgets Prepared for a Merchandising Company?** 363
  - Sales Budget 363
  - Inventory, Purchases, and Cost of Goods Sold Budget 365
  - Selling and Administration Expense Budget 366
- How Are Financial Budgets Prepared for a Merchandising Company?** 367
  - Capital Expenditures Budget 367
  - Cash Budget 367
  - Budgeted Income Statement 370
  - Budgeted Balance Sheet 371
  - Budgeted Statement of Cash Flows 372
- Review 374
- Assess Your Progress 381
- Critical Thinking 416

## CHAPTER 23

### Flexible Budgets and Standard Cost Systems 419

- How Do Managers Use Budgets to Control Business Activities?** 421
  - Performance Reports Using Static Budgets 421
  - Performance Reports Using Flexible Budgets 421

<b>Why Do Managers Use a Standard Cost System to Control Business Activities?</b>	<b>426</b>
Setting Standards	426
Standard Cost System Benefits	428
Variance Analysis for Product Costs	429
<b>How Are Standard Costs Used to Determine Direct Materials and Direct Labor Variances?</b>	<b>431</b>
Direct Materials Variances	432
Direct Labor Variances	434
<b>How Are Standard Costs Used to Determine Manufacturing Overhead Variances?</b>	<b>436</b>
Allocating Overhead in a Standard Cost System	436
Variable Overhead Variances	437
Fixed Overhead Variances	439
<b>What Is the Relationship Among the Product Cost Variances, and Who Is Responsible for Them?</b>	<b>442</b>
Variance Relationships	443
Variance Responsibilities	444
<b>How Do Journal Entries Differ in a Standard Cost System?</b>	<b>445</b>
Journal Entries	445
Standard Cost Income Statement	449
■ Review	451
■ Assess Your Progress	459
■ Critical Thinking	474

## CHAPTER 24

### Responsibility Accounting and Performance Evaluation 477

<b>Why Do Decentralized Companies Need Responsibility Accounting?</b>	<b>478</b>
Advantages of Decentralization	478
Disadvantages of Decentralization	479
Responsibility Accounting	479
<b>What Is a Performance Evaluation System, and How Is It Used?</b>	<b>483</b>
Goals of Performance Evaluation Systems	483
Limitations of Financial Performance Measurement	484
The Balanced Scorecard	484
<b>How Do Companies Use Responsibility Accounting to Evaluate Performance in Cost, Revenue, and Profit Centers?</b>	<b>487</b>
Controllable Versus Noncontrollable Costs	488
Responsibility Reports	488
<b>How Does Performance Evaluation in Investment Centers Differ From Other Centers?</b>	<b>493</b>
Return on Investment (ROI)	494
Residual Income (RI)	496
Limitations of Financial Performance Measures	498
<b>How Do Transfer Prices Affect Decentralized Companies?</b>	<b>500</b>
Objectives in Setting Transfer Prices	500
Setting Transfer Prices	501
■ Review	503
■ Assess Your Progress	509
■ Comprehensive Problem for Chapters 22-24	521
■ Critical Thinking	525

## CHAPTER 25

### Short-Term Business Decisions 527

<b>How Is Relevant Information Used to Make Short-Term Decisions?</b>	<b>528</b>
Relevant Information	528
Relevant Nonfinancial Information	529
Differential Analysis	529

- How Does Pricing Affect Short-Term Decisions?** 531
  - Setting Regular Prices 531
  - Special Pricing 535
- How Do Managers Decide Which Products to Produce and Sell?** 539
  - Dropping Unprofitable Products and Segments 539
  - Product Mix 543
  - Sales Mix 546
- How Do Managers Make Outsourcing and Processing Further Decisions?** 547
  - Outsourcing 547
  - Sell or Process Further 552
- **Review** 554
- **Assess Your Progress** 562
- **Critical Thinking** 579

## CHAPTER 26

### Capital Investment Decisions 581

- What Is Capital Budgeting?** 582
  - The Capital Budgeting Process 582
  - Focus on Cash Flows 584
- How Do the Payback and Accounting Rate of Return Methods Work?** 586
  - Payback 586
  - Accounting Rate of Return (ARR) 589
- What Is the Time Value of Money?** 593
  - Time Value of Money Concepts 593
  - Present Value of a Lump Sum 595
  - Present Value of an Annuity 596
  - Summary 596
- How Do Discounted Cash Flow Methods Work?** 598
  - Net Present Value (NPV) 599
  - Internal Rate of Return (IRR) 604
  - Comparing Capital Investment Analysis Methods 607
  - Sensitivity Analysis 607
  - Capital Rationing 611
- **Review** 612
- **Assess Your Progress** 619
- **Comprehensive Problem for Chapters 25–26** 632
- **Critical Thinking** 634
